These insurance plans are underwritten by Aviva Ltd and/or MSIG Insurance (Singapore) Pte. Ltd. You'll find the precise terms, conditions and exclusions of these plans in the policy contract. What you read here is for general information only and is not a contract of insurance and has not been tailored to your specific investment objectives, financial information and particular needs. Also, do speak to a financial advisor and obtain the product summary to read before deciding whether the life/ health insurance product suits you. A product summary may be obtained from Aviva Ltd or any POSB/DBS Bank branches. Buying a life insurance policy is a long-term commitment. An early termination of the policy usually involves high costs and the surrender value payable, if any, may be less than the total premiums paid. Investments in investment-linked policies are subjected to investment risks including the possible loss of the principal amount invested. The value of units in the sub-fund and the income accruing to the unit, if any, may fall as well as rise.

Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. The benefits of personal accident policies are only payable subject to the occurrence of an accident during the policy period. You should consider carefully if you are intending to switch personal accident policies, as this might be detrimental to your current and/or future needs. Information is correct at time of publishing.

Neighbours first, bankers second.
