

It's pay day tomorrow.
Your payroll isn't ready.
No worries.

**At DBS, we'll wait till the end
of the day because we understand
your cashflow needs.**

DBS

DBS Payroll Service

DBS. Living, Breathing Asia

Here's why DBS Payroll Service gives you the best payroll arrangement.

We'll wait till the very last minute for you.

With DBS, if payday is tomorrow, we'll wait till the end of today for your payroll file. Using our comprehensive suite of GIRO products, you can enjoy the best cut off time in the market and optimise your cash flow. We'll even accept your payroll file and process it on a Saturday. To do this however, we'll need you to make arrangements for all of your staff to credit their salary into a DBS or POSB account.

Not in the office? Not to worry.

With DBS IDEAL™, our award-winning internet banking service, you can access your payroll account and carry out transactions from wherever you are, whenever you need to.

Get a full account overview the very next morning.

You can tally account figures the morning after you make any transactions. Even on a Saturday. Your account status will even show combined withdrawals so it's easy to get an overall picture. Transactions made on a Saturday will be reflected the following Monday.

We'll come to you.

We know how busy your employees are. So we thought we'd drop by your office to make it easy for everyone to apply for a DBS or POSB account. They'll also stand to get exclusive deposit and credit card privileges upon signing up.

**Keen to know more about DBS Payroll Service?
Our Relationship Manager will be happy to bring you through it.
