Multiplier accords interest based on the S\$ balance in the Multiplier Account while Cashback Bonus accords cashback based on the transaction amount. No, any existing insurance or investments will cease to be recognised as eligible transactions for POSB Cashback Bonus.

SECTION D: TRANSACTION CATEGORIES

Q1) Could you provide a quick overview of the transaction categories?

There are 5 in total:

- a. Salary Credit: In any single or joint POSB/DBS deposit account.
- b. Credit Card Spend: Retail spend and cash advance transactions made with any POSB/DBS personal credit cards.
- c. Home Loan Instalments: Monthly instalment due on residential loans with POSB/DBS, where loan is already disbursed.
- d. Insurance: Monthly premium due on eligible regular premium policies purchased via POSB/DBS, after you have enrolled into POSB Cashback Bonus.
- e. Investments:
 - (i) New Unit Trusts (lump sum investment/Regular Savings Plan) purchased via POSB/DBS after you have enrolled into POSB Cashback Bonus;
 - (ii) New POSB Invest-Saver RSP purchased via POSB/DBS after you have enrolled into POSB Cashback Bonus.

Please note that these are not the full terms and conditions. For more details, you may refer to their respective sub-sections in this document.

Q2) Must I have transactions in all 5 transaction categories to earn cashback?

No. You will only need to have eligible transactions in at least 3 transaction categories to earn cashback.

Q3) What is the period of computation for each month?

Eligible transactions will be computed daily for the full calendar month (i.e. the first to last day of the calendar month).

Q4) In the month that I enrolled into POSB Cashback Bonus, you did not recognise certain transactions. Why is that so?

Computation only begins from the date of enrolment.

(D.1) SALARY CREDIT CATEGORY

Terms and conditions:

- (a) Salary must be credited via GIRO, using transaction reference codes of 'SAL' or 'PAY', into any POSB/DBS SGD-denominated savings/current accounts held by you, either singly or jointly.
- (b) Salary credited must be reflected as either GIRO Salary or Salary under the main transaction description in your Statement of Account.
- (c) Minimum amount of S\$2,500 is required to be qualified.

Q1) How can I check if my salary credit transaction is eligible?

You can check your Statement of Account. If the main description of the transaction is "SALARY" or "GIRO SALARY", it is eligible.

Examples:

17 Aug	Salary [Company name] [Description]	30 Jun	GIRO Salary [Company name] [Description]
---------------	---	---------------	--

Q2) If my salary credit is not eligible, can I change the transaction description on my own to make it eligible?

No, this is not possible. The transaction description is governed by system-generated codes that are dependent on how your company passes the payroll file to the corporate bank.

Q3) I will be speaking to my company's HR department about how they process the payroll file so that the salary credit transactions will be eligible. What should I tell them?

You can inform your company HR department to use GIRO code 22 in the payroll/salary file.

Q4) My salary is credited into a joint account. My joint account holder also credits into the joint account and we both have enrolled into POSB Cashback Bonus. What's the salary credit amount recognised for me then?

It is the total amount of eligible salary credits in that joint account.

Example:

John and Mary credit their respective salaries (S\$9,000 and S\$8,500) in a joint DBS eSavings Account. They both are enrolled into POSB Cashback Bonus. They will each have the amount of S\$17,500 recognised as salary credit.

(D.2) CREDIT CARD SPEND CATEGORY

Terms and conditions:

Posted retail and cash advance transactions for personal credit cards only.

- (a) Retail and cash advance transactions charged to a supplementary credit card are not eligible transactions under the supplementary cardholder's name but will be accrued to the principal credit card account.
- (b) Fund transfer transactions, instalment payment plans, preferred payment plans, annual fees, interest, late payment charges, all fees charged by us and other miscellaneous charges as imposed by us are not eligible transactions.

Q1) Are all types of credit card transactions eligible?

No. Only retail and cash advance transactions are eligible, and these transactions must have already been posted to the card account.

Q2) I pay my bills using my POSB/DBS personal credit card. Are these transactions eligible?

Internet bill payment and recurring billing are eligible transactions. For any avoidance of doubt regarding eligibility of bill payment transactions on your credit card(s), you may call the Bank to provide past examples and we will assist to verify their eligibility.

Q3) I made an eligible transaction recently with my POSB/DBS personal credit card. Why was it not included in <X month>'s credit card spend amount?

It depends on when the transaction was posted.

Example:

30 Aug: Eligible transaction is made at a merchant.

1 Sep: Eligible transaction made on 30 Aug is posted.

This transaction is therefore recognised under September's credit card spend (not August).

Q4) I am a supplementary credit card holder. Will the spend I make with this supplementary credit card be recognised as my eligible transaction?

With reference to point (a) of Credit Card-related conditions featured above, eligible transactions made on a supplementary credit card are accorded to the principal credit card holder instead.

Q5) Do reversals/refunds/credits posted to my credit card account(s) affect my eligible credit card spend for the month?

Yes, any reversals/refunds/credits posted to the credit card account will be used to offset the eligible credit card spend amount. If reversals/refunds/credits exceed the eligible credit card spend, there will not be any eligible transaction recognised for cashback.

(D.3) HOME LOAN INSTALMENTS CATEGORY

Terms and conditions:

- (a) Contributions from both the Central Provident Fund (CPF) and cash components for the mortgage instalment will be included in the eligible transaction amount.
- (b) Only the first 3 joint borrowers under the mortgage loan will be accorded the monthly instalment as an eligible transaction, with the same full monthly instalment amount being accorded to each joint borrower.

Q1) My husband/wife and I are joint borrowers of a POSB/DBS home loan and we are both enrolled under POSB Cashback Bonus. What is the amount accorded to me then?

All borrowers of the same loan (up to the first 3 joint borrowers) will be accorded the full amount of monthly instalment due. This amount is not divided among borrowers.

Q2) I am paying off my POSB/DBS home loan partially through Central Provident Fund (CPF). Is that CPF component counted or not?

With reference to point (a) of Home Loan-related conditions featured above, the full monthly instalment is counted.

Q3) I am listed as a borrower of a POSB/DBS home loan, but the loan servicing account (LSA) is under my relative's name. Do I still have eligible transactions recognised in this category?

Yes. Monthly instalment due is accorded to a borrower of the loan (up to the first 3 joint borrowers), regardless of whether the LSA is under his/her name.

(D.4) INSURANCE CATEGORY

Terms and conditions:

- (a) Only selected new regular premium insurance policies purchased through POSB/DBS will be included as Eligible Transactions.
- (b) Insurance plans must be in force and past the free-look/cancellation period.
- (c) Insurance plans with change of frequency in premium payments are not eligible transactions.
- (d) Monthly premium amount recognised will be derived from dividing the annualized premium amount by 12.
- (e) Inclusion of the monthly premium amount as an Eligible Transaction will start from 1 month after inception date and for 12 consecutive months only per insurance policy with annualized premium. Once the policy lapses, subsequent premiums will not be recognised.
- (f) Only main policy owners will be accorded the cashback for the monthly premium amount recognised as an Eligible Transaction.

Q1) What are the selected regular premium insurance policies that are considered eligible?

Life Insurance Regular Premium policies you purchase through DBS/POSB are eligible. Check out the eligible policy list at our [website](#) (under the “How it Works” section, click on “Insurance”). Only new purchases made after you have enrolled into POSB Cashback Bonus will be recognised.

Q2) What exactly do you define as the date of purchase where the Insurance category is concerned?

The Policy Signed Date is considered the date of purchase.

Q3) What is the duration of recognition for each eligible policy?

With reference to point (e) of Insurance-related conditions featured above, monthly premiums due will be recognised for 12 consecutive months per eligible policy.

Q4) I already have eligible policies purchased via POSB/DBS before I enrolled into POSB Cashback Bonus. Will you be recognising the premiums due on those policies?

The purchase(s) must have been made after you have enrolled into POSB Cashback Bonus.

Q5) My payment frequency is on a quarterly/annual basis. Does that mean my eligible transaction is recognised only on quarterly/annual basis?

No. The payment frequency you have selected is irrelevant. Please refer to point (d) of Insurance-related conditions featured above which states how the monthly amount is derived for recognition of eligible transaction.

Q6) I was late in paying my premium due this month. Does that mean I do not have an eligible transaction recognised under Insurance category for this month?

No. The eligible transaction recognition is based on your policy record, not on the actual payment transaction. As long as the policy is still in force, the recognition will continue on a monthly basis for the stipulated first 12 months, whether or not you are late in your payment(s).

(D.5) INVESTMENTS CATEGORY

Terms and conditions:

- (a) Unit Trust lump sum investment: This must be new purchase through POSB/DBS in cash (not using funds from your Central Provident Fund or Supplementary Retirement Scheme account) after enrolment and will only be recognised after the free-look/cancellation period or 4 calendar days after the settlement date.

- (c) If an existing Unit Trust Regular Savings Plan or POSB Invest-Saver is terminated and re-purchased within 6 months from the date of termination, the re-purchase will not be considered an eligible transaction. Additionally, any re-purchase of Unit Trust Regular Savings Plan or POSB Invest-Saver which has been previously terminated but not fully redeemed will not be considered an eligible transaction.
- (d) Investment transactions denominated in foreign currency will be recognised as the Singapore dollar equivalent at POSB/DBS's prevailing exchange rate.

Q1) If I purchase a Unit Trust using funds from CPF or SRS, will this purchased be recognised as an eligible transaction?

No. With reference to points (b) and (c) of Investments-related conditions featured above, purchase(s) of Unit Trust must be made in cash to be considered eligible.

Q2) Are there any restrictions on the Unit Trusts that are considered eligible? For example, we must invest only in certain funds?

No. All Unit Trusts are considered eligible products.

Q3) What is the amount accorded under a purchase of Unit Trust Lump Sum Investment?

It is the lump sum invested and will be recognised in the month of purchase.

Q4) What is the duration of recognition for Unit Trust Regular Savings Plan (RSP) or POSB Invest-Saver?

Monthly contributions due will be recognised for 12 consecutive contributions per investment fund.

Q5) I have existing Unit Trust Regular Savings Plan or POSB Invest-Saver, are they recognised as eligible transactions?

Only new Unit Trust Regular Savings Plan or POSB Invest-Saver purchased after enrolment will be recognised. If you terminate and re-purchase within 6 months from the date of termination, the re-purchase will not be considered an eligible transaction.

Q6) I had a failed/unsuccessful monthly contribution deduction for my Unit Trust Regular Savings Plan or POSB Invest-Saver, will it affect the recognition of the investment as eligible transaction?

Yes, if there is any failed deduction, the investment will no longer be recognised as eligible transaction.
